SAMPLE GET LISTING LETTER:

Dear Home Owner,

With current mortgage rates at forty-year lows and very accommodating mortgage plans, it is a superb time to be a home seller in the market. Real Estate activity has been very strong and it doesn't look like it's losing any momentum. Your house is in very high demand neighborhood. I represent one of the leading sales teams for homes like yours. We represent many buyers interested in this area. You may be in a very advantageous position with your current home. We would like to extend an offer for a no-obligation consultation, a free market evaluation and/or we can simply discuss your current plans-please give us a call. Remember, you pay nothing until we sell your home! With the demand for homes like yours at a peak, why not give me a call?

Sincerely,

Jim Smith
Professional Realtor
